Northern Territory Major Events Company (NTMEC) is a dynamic organisation that delivers and supports significant events across the Northern Territory.

Our vision
NTMEC will develop, deliver and promote world class events in the Northern Territory for the local community and visitors, which will create improved event experiences and outcomes as well as strengthen the visitor economy for the benefit of all Territorians.

Our mission
To grow the events portfolio and industry capability in the Northern Territory by providing leadership, advice, support and be the Front Door for the events sector.
MESSAGE FROM THE CHAIRMAN

The last 12 months have seen the company face a number of challenges across a very broad front of both internal and external matters, so it is with a great degree of pride and respect for the team of professionals assembled at NTMEC that I can say they have not only resolved and managed all that needed to be dealt with, but they have proactively raised the standard and delivery of the events within the NTMEC portfolio.

This is reflected in the Government's request for NTMEC to manage and deliver the return of the Arafura Games, as well as extend the Territory Day activities in recognition of the 40th anniversary of Self Government in the Northern Territory.

NTMEC had the departure of our GM, Andrew Hopper who was seconded to Tourism NT, recognising his skill, expertise and ability to create a stronger connection between Tourism and Events to deliver broader economic return for the Territory. We thank Andrew for his contribution and leadership. Andrew is succeeded by Timothy Watsford who also brings a wealth of experience in sponsorship and major event industries to the organisation that will allow us to further develop the overall knowledge and talent base that reside within the company.

In years such as this the demands on the Board members increases dramatically and to that end I would like to acknowledge their input and unrelenting resolve to meet and deal with every challenge that was presented.

Like most organisations our greatest asset lies within our staff base, all of whom work tirelessly to deliver the best events possible to those that live or visit the NT. The collective is inspirational and functional across all levels and hence on behalf of the Board I offer our sincere thanks to the team.

To our Minister and her team, we thank you for your support, time and understanding and we look forward to returning ever increasing value to the NT Government and all Territorians.

A.Feehan
Alistair Feehan
Chairman
Alistair has held the position of CEO at Imparja Television for 15 years. During this time the organisation has seen continued and sustainable growth with expansion in key business areas, in turn creating a highly efficient business model.

Alistair previously held senior positions at the 7 Network and was General Manager of Val Morgan Australia. He is a member on the Board of Free TV Australia, the peak industry body for the free to air television broadcasting sector.

He is a Director of Eastern Australia Satellite Broadcasters, Director of Central Digital Television and is a member of the Development Consent Authority.

Previously a Director of the Board, Alistair was appointed Chair for the NT Major Events Company in July 2014.

Timothy Watsford is the General Manager of Northern Territory Major Events Company. Timothy has recently relocated to the Territory from Sydney where he was the General Manager of Major Events and Engagement with the National Rugby League.

Timothy holds a Bachelor of Business Administration qualification coupled with 12 years’ of industry experience in the facilitation of national and international events. Timothy comes with a diverse skill set which includes strategic event development, commercial operations, senior event management coupled with experience in managing local, state and national industry stakeholders.

Michael has overseen Airnorth’s growth from a small charter company to Australia’s second oldest continuously operating airline brand.

Michael was the Chair of the Regional Aviation Association of Australia for seven years and still sits on the Board. He was Director/Trustee of the Aviation Industry Superannuation Trust for eight years.

Michael is a recipient of the National Australia Bank’s Medal for Management Innovation and in 2008 was awarded the Australian Aviation “Personality of the Year” for his work on creating an industry wide forum bringing together the 12 industry associations in an effort to find a consolidated voice.

Michael is the Chair of Tourism NT, Chair of international specialist labour-hire and recruitment company CGH Pty Ltd and a member of the Chief Minister’s Advisory Council. He is also an Ambassador for the Australian Aviation Hall of Fame, Business Events Northern Territory and the Museum and Arts Gallery of the Northern Territory.

Andrew has resided in the Territory for the past 40 years. He has held a position on the Northern Territory Major Events Company board for more than 10 years and is actively involved in a variety of local sports clubs throughout the NT.

Andrew is former Chair of NT Employment and Training Advisory Council. He also Chairs the St John Ambulance NT Endowment Trust and was a founding member of the Federal Government’s Australian Industry and Skills Committee.

In 2011 Andrew was awarded a member of the Order of Australia for service to the community of the NT through executive roles within a range of cultural, tourism, education and charitable organisations, and to the broadcast media industry.
Colin provides a wealth of experience for the Board. A Territory resident since 1969, Colin is a previous Chairman and CEO for the Power & Water Corporation, and former board member of the NT Tourist Commission.

A qualified quantity surveyor, Colin has an outstanding background in public administration management occupying Chief Executive positions for several Government departments from 1982 – 1999, culminating as Chief Executive for the Department of the Chief Minister.

Colin was awarded a Member of the Order of Australia in 1999 for service to the development of the NT through the provision of infrastructure, land management, conservation and tourism.

Janet has managed large-scale and high profile major projects and special events, as well as delivered comprehensive marketing, communications, sponsorship and place management strategies and programs.

Janet’s assignments involved delivering 300 special events in the lead up to the Sydney 2000 Olympic Games and 600 annual events for Sydney Harbour Foreshore Authority including the high profile Australia Day and New Year’s Eve celebrations.

Janet relocated to Darwin in 2009 as External Relations Manager for Energy Resources of Australia. In 2013 Janet was appointed General Manager of the Darwin Convention Centre. She is responsible for the management of the worldclass, award winning Centre, which delivers over 300 business events annually.

Andrew’s role as Deputy Chief Executive Officer for the Department of Tourism and Culture (DTC) incorporates responsibility for the Tourism and Events division, overseeing 100+ staff.

He has a wealth of experience with an extensive record in leading the planning and delivery of major national and international projects and events.

Andrew has a proven track record of success in the development and implementation of strategic plans and management of revenue and budgetary targets. His experience is gained from private and public sectors at sporting, entertainment and corporate organisations.

Andrew effectively delivered business and event outcomes working with organisations of varying sizes managing small and large teams. He holds an MBA from Macquarie Graduate School of Management and is a graduate of the Company Directors Course, Australia Institute of Company Directors.

Based in Alice Springs and working as part of Tourism NT, Scott leads the regional planning, strategy, research, development, aviation and investment teams responsible for driving and facilitating tourism growth initiatives throughout the Northern Territory.

Scott relocated to the NT in 2010 where he oversaw the Business Events division at Tourism NT and has also held the positions of Regional Executive Director in Central Australia for the Department of the Chief Minister and Executive Director Regions and Industry Development for the Department of Trade, Business and Innovation.

A graduate of the internationally renowned Regency Hotel School, Scott has held board positions with Desert Knowledge Australia, Tourism Central Australia, the Australian Association of Convention Bureaux and Meetings Events Australia.

Scott has had an extensive career in the tourism, events and hospitality sector. He has worked across destination marketing, convention centres, hotels and full service event production providers across Victoria, South Australia, Western Australia and the Northern Territory. In these roles, Scott produced exceptional client outcomes and delivered high level commercial results.
SKILLS AND DIVERSITY OF THE BOARD

NTMEC Board actively seeks to ensure that it has an appropriate mix of diversity, skills, experience and expertise to enable it to discharge its responsibilities effectively and to be well equipped to assist our Company to navigate the range of opportunities and challenges we face.

To assist in identifying areas of focus and maintain an appropriate and diverse mix in its membership, the Board utilises a skills matrix which is reviewed by the Board on an annual basis. It is an important, but not the only, basis of criteria applying to Board appointments.

The Board skills matrix sets out the mix of skills, experience and expertise that the Board currently has and is looking to achieve in its membership.

It supports the Company's strategic initiatives as well as other areas of relevance to the composition of the Board. The areas addressed in the matrix are Executive Leadership, Strategy, Financial & Audit, Risk & Compliance, Policy Development, Technology, Corporate Governance, Executive Management, Health, Safety & Environment, Marketing, Events, Tourism, Leadership, Ethics & Integrity, Contribution, Negotiation, Crisis Management and Previous board experience.

Each of these areas is currently well represented on the Board. The Board benefits from the combination of Directors' individual skills, experience and expertise in particular areas, as well as the varying perspectives and insights that arise from the interaction of Directors with diverse backgrounds.

NTMEC STRATEGIC PLAN
2016-2021

Extract: "The Strategic Plan will develop, deliver and promote world-class events in the NT for the local community and visitors, ultimately creating improved event experiences and outcomes, whilst strengthening the visitor economy for the benefit of all Territorians".

Since implementing the Strategic Plan, which includes five strategic initiatives across four main objectives, NTMEC has, and will continue to identify opportunities, improve process and reporting, as well as visitor experiences.

NTMEC is recognised as a market leader in the delivery and facilitation of events in the NT. The challenges of the Northern Territory’s geographical distance from major cities, transient population and available resources drove the requirement to implement a long term strategy that promotes national and international growth opportunities.

Incorporating NTMEC’s mission to grow the events portfolio and capability in the NT by providing leadership, advice, support, and to be the ‘front door’ for the events sector, the purpose of implementing the plan is to:

- Guide investment decisions;
- Create improved awareness;
- Broaden event capability;
- Develop growth within the industry; and
- Improve visitor experiences.

FESTIVALS NT

Festivals NT (FNT) was established as an integral part of NTMEC, with a particular focus on event development and growth to drive visitation in, and to the Territory. Its core objective is to create new and develop existing events to better engage the local community, attract visitors and showcase the Northern Territory.

Through FNT’s funding program, industry development, and a consolidated events calendar, FNT strengthens the quality and capability of festivals and events in the Territory. FNT supports diverse events across the Territory, ranging from community celebrations to immersive cultural experiences and sporting events.

In 2017/18 the Events Funding Guidelines offered three tiers of funding ranging from $2,000 - $200,000 across two funding rounds in May/June and November/December. A total of 38 events received funding.

FNT will also implement the Territory Day 40th anniversary celebrations across the Territory. Celebrations will include signature events in Darwin, Katherine, Tennant Creek and Alice Springs, 16 Regional Community Fireworks Displays, and 28 Territory Day Community Events.

In early 2018, new guidelines were developed for 2018/2019, with a greater focus on strategic event development, including the development of strategic and operational plans, and risk management plans. The new Funding Guidelines were warmly received by event organisers, with many applying for support for strategic planning.

TERRITORY DAY
1 JULY 2017

In 2017 we marked 39 years since the Northern Territory was granted Self-Government on 1 July 1978. Territory Day celebrates everything we love about living in the Territory - our lifestyle, people, landscape, culture and achievements.

The Territory was alive with passion and enthusiasm; where Territorians came together to celebrate our history, our heroes, our achievements and our future.

Following the success of the free signature events for Territory Day we continued this with a series of concerts and performances which were held in the following locations across the Territory:

- **Darwin**
  - A concert headlined by iconic musician Pete Murray, Killing Heidi plus Resin Moon and Issac Smalley hosted at Darwin’s well renowned Mindil beach Sunset Markets drawing a record crowd of over 15,000 people.

- **Katherine**
  - Territory day entertainment included Katherine Tales – Tall, Twisted and True. A night celebrating the uniqueness and diversity of life in the Top End and what it means to be a Territorian.

- **Alice Springs**
  - Over 4,000 braved the cold and headed to Anzac Oval to see performances from Kingswood and Boney Maronies.

- **Tennant Creek**
  - A showcase of stories under the desert stars through a journey of music featuring 15 musicians from across the Barkly as well as members from Diesel N’Dub.

Snapshot of attendees at the Darwin Signature Territory Day event:
The ultimate festival of wheels returned to the heart of Australia. The third inaugural Red CentreNATS hosted in Alice Springs from 1 - 3 September 2017 exceeded all expectations, attracting over 14,000 spectators.

Developed in partnership with Summernats, Red CentreNATS is the Northern Territory’s most well-known automotive lifestyle event, showcasing the top range in street machines, elite show cars, hot rods, classics, exotics and supercars.

This annual event will sit alongside existing major events, such as the Supercars, collectively bringing thousands of interstate visitors, especially motoring and racing enthusiasts to the Northern Territory each year.

The three day event incorporates precision grass driving, street cruising, drag racing, show and shine, judged competitions and an official Burnout Masters Qualifier. However, one of the most popular and unique draw cards for the Red CentreNATS is the temporary permit system making it possible for heavily modified cars to cruise the streets of Alice Springs in controlled conditions.

The spectacular views of the one of a kind MacDonnell Ranges set the scene for the Rock N Rumble concert held on Friday night, featuring Gareth Dawkins, McKenzie and James Reyne.
People’s Choice BASSINTHEGRASS Music Festival returned to Darwin’s iconic George Brown Botanical Gardens on Saturday 19 May 2018.

This year music fans experienced Darwin’s largest one day music festival. With the event close to capacity, music lovers enjoyed 12 hours of back to back sweet beats, chilled vibes, with an eclectic mix of genres.

BASSINTHEGRASS is recognised to be the Territory’s most popular all ages music festival with the ability to secure well-known National Australian bands and artists.

This year’s acts included Confidence Man, San Cisco, Paul Kelly, Vera Blue, Illy, Dune Rats and Client Liaison, who had thousands of music lovers dancing in full swing.

With the ongoing support from People’s Choice Credit Union and the Northern Territory Government, the ticket prices are some of the lowest in the country ensuring an all ages can experience Darwin’s Most Iconic Music Festival.

Just under 7,000 attendees.

Over 28,000 patrons attended another round of the Supercars Championship held at Hidden Valley. The 2018 round was the 21st hosting of the event in Darwin and is still one of the largest events in the Northern Territory.

New to 2018, the Transporter Convoy took place in the evening. Darwin City lit up for another year with Dr Elephant and Showtime FMX giving yet another spectacular performance.

Drivers signing events were held at Mindil Beach and Raintree Park which came to life with an array of display cars, commentary, outside broadcast, ticket and merchandise sales.

This year’s RACE & ROCK concerts were jam-packed with a great mix of talent featuring Australian rock favourites JET and THE RUBENS headlining on Saturday and on Sunday saw the creation of urban valley featuring BLISS‘N’ESO, THUNDERMENTALS and MALLRAT who took the stage and did not disappoint.

This year the family fun zone came to life with more to offer than ever with Lightning McQueen, Mack the Transporter and the newly introduced nerf gun activation in Track Centre.

It doesn’t stop there. Returning for another year the weekend was jam-packed with additional race categories such as the Porsche Carerra Cup, Aussie Racing Cars and Touring Car Masters which were enthusiastically embraced by racing fans.

The Rugby League World Cup Quarter Final 2017 welcomed its first sell-out crowd of 13,437 of the tournament on Friday the 17th November, when Australia beat Samoa in the competition quarter final at Darwin’s TIO Stadium.

The match marks the first time the Rugby League World Cup Quarter Final has been played in the Territory. The Australia versus Samoa quarter final attracted a broadcast audience of over 2.5milion with an economic impact of $1.54 million.

Fans also had the opportunity to meet their heroes in person at Darwin’s Smith Street Mall, where the full Australian and Samoan teams were present making dreams come true, with a combined audience of over 900 fans.

A Nielsen analysis report was undertaken and results were amazing, with the event receiving an overall score of 4 out of 5. The community feedback was remarkable with Territorians having something to be proud of, as well as attracting and educating tourists on the unique community spirit of the Northern Territory.

PARRTJIMA – A FESTIVAL IN LIGHT
22 SEPTEMBER – 1 OCTOBER 2017

Parrtjima – A Festival in Light, the first Indigenous light festival of its kind, returned to Alice Springs in 2017 for a second year.

Showcased as a free public event, the festival ran from Friday 22 September until Sunday 1 October at Desert Park and celebrated the unique Aboriginal art of Central Australia. Over the 10 nights, the festival opened daily from 6.30pm to 10.30pm and attracted nearly 14,000 people. Parrtjima 2017 comprised of five light installations which showcased a range of aboriginal artwork. Two kilometres of the West MacDonnell Ranges was illuminated with a dynamic new lighting treatment, which included up to 100 moving lights. This year, Parrtjima introduced their first Knowledge Program, which offered cultural talks, panel discussions, live music and performance in the Festival Hub each Saturday and Sunday night of the Festival.

“The most important thing for us is to keep passing on our culture to the coming generations ... Parrtjima helps visitors have deeper respect for culture and country, and start to see how much it means to us. Parrtjima helps our young people stand tall in front of the world to say, 'This is our country, this is our art, this is our culture – and it is good.'”

– Benedict Kngwarraye Stevens, one of the Traditional Owners (one of the Apmerek-aweye for Mparntwe) and part of the Reference Group.
The NRL returned to the Northern Territory, on Saturday the 9th June 2018, where we saw the Parramatta Eels take on the North Queensland Cowboys in Round 14 at Marrara’s TIO Stadium.

The event attracted over 7,000 sport fans who flocked through the gates on Saturday night to watch the Parramatta Eels defeat the North Queensland Cowboys 20 - 14.

During their stay in the Top End, the Parramatta Eels engaged with the community conducting a number of skill sessions which took place in Darwin, Alice Springs and Katherine. The team also attended a number of schools in addition to visiting the Darwin Correctional Centre, Darwin Aboriginal & Islander Women’s Shelter and Darwin Hospital.

The Darwin community welcomed the opportunity to meet with players noting how the players had left them feeling inspired. It was also highlighted that a strong relationship had been formed between the Parramatta Eels and Northern Territory community, which we hope to continue for years to come.

A description of the nature of the Company’s operations and its principal activities are included in the Directors’ report, which is not part of the financial statements.

The financial statements were authorised for issue, in accordance with a resolution of Directors, on 16 October 2018. The Directors have the power to amend and reissue the financial statements.
FINANCIAL STATEMENT OVERVIEW FOR THE YEAR ENDED 30 JUNE 2018

OVERVIEW
The Auditor-General issued an unmodified ‘clean’ opinion on the 2017–18 financial statements for the Northern Territory Major Events Company (NTMEC). The financial statements and financial data presented in the report were prepared on an accrual basis in accordance with the Australian Accounting Standards. The company’s financial performance in 2017–18 and comparative financial information for 2016–17 are reported in four financial statements: the Statement of Profit or Loss and other Comprehensive Income, Statement of Financial Position, Statement of Changes in Equity and Statement of Cash Flows.

Key Results at year end for the company were:
• An operating surplus of $46,989
• Cash of $13,417,538 at year end, an increase of $1,602,756 from 2016–17.

Overall, NTMEC’s 2018 financial results were positive, net surplus of $47k, a result of effective budgeting, event management, operational savings and sound contract negotiations. The combined profit/deficit of four ticketed events amounting to $19k has been transferred to an ‘Event Reserve’ for the investment of four ticketed events amounting to $19k has been transferred to an ‘Event Reserve’ for the investment of four ticketed events amounting to $19k.

Other revenue from events increased by 2 percent overall compared to 2016-17. The addition of National Rugby League Darwin ticket sales increased revenue by 7 percent counteracted by a reduction in ticket sales for Supercars and BASSINTHEGRASS.

Total investment income for 2017-18 amounted to $332k of which $45k was attributed to the Event Development Fund.

NTMEC also recognises notional revenue of $48k for goods and services, such as rent received free of charge from the Department of Corporate and Information Services and support from suppliers across all events. This revenue is offset by notional expenditure to the same value.

OPERATING INCOME
NTMEC received income of $20.6 million in 2017-18, a $3 million (17%) increase compared to 2016-17.

Grant revenue increased by 22 percent predominantly due to funding received to support new events such as the Arafura Games, Darwin Street Art Festival, Great Air Race, the Military History Pilgrimage and the annual increase of the Supercars and Red CentreNATS sanction fees.

Other revenue from events increased by 2 percent overall compared to 2016-17. The addition of National Rugby League Darwin ticket sales increased revenue by 7 percent counteracted by a reduction in ticket sales for Supercars and BASSINTHEGRASS.

Operating expenses increased comparative to 2016-17 by 8 percent or $395k. The main contributing factor being NTMEC’s commitment to enhance safety across the portfolio of events and driving community and industry safety benefits. Funding was also allocated to Event Impact Assessments, Feasibility Studies for new events, underwriting the Arafura Games Event Planning and increased legal fees as a result of Red CentreNATS Incident in 2017.

Employee expenses increased by 4 percent or $84k due to the recruitment of Arafura Games staff late in the year. Event expenditure increased by 19 percent due to Tourism Boost monies allocated to increase FestivalNT Grant funding of $2M. In addition $1.3M funding was received and expended in support of both inaugural events for the Northern Territory and new events to NTMEC such as the Darwin Street Art Festival and Laneway Projects, the Military History Pilgrimage Project, the Great Air Race and the Darwin National Rugby League Game. Detailed event analysis is provided in the Annual Report.

OPERATING EXPENSES
In the delivery of new and ongoing events, including FestivalsNT, NTMEC incurred $20.52 million in expenses during 2017-18, an 18 percent increase from the previous year (2017: $17.36 million).

Equity, which is the difference between assets and liabilities, increased by $0.047 million to $1.294 million.

The expansion in NTMEC’s event portfolio and Turbocharging Tourism funding received resulted in a 16 percent increase in liabilities compared to 2016-17 in line with the increase in cash. The company maintains a positive net asset or equity position. A positive equity position indicates that the agency has sufficient assets to cover liabilities.

CASH FLOW STATEMENT
The cashflow statement summary above provides information on the movement of cash during the year and shows an increase in cash balances of $1.6 million. This is a direct result of the increase in grant funding received in advance and continual cashflow management in debtor collection and creditor payments.

Independent Auditor’s Report to the Members
Northern Territory Major Events Company Pty Ltd
Year ended 30 June 2018

Opinion

I have audited the accompanying financial report of the Northern Territory Major Events Company Pty Ltd (the Company), which comprises the statement of financial position as at 30 June 2018, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, a summary of significant accounting policies and other explanatory notes, and the certification of the financial statements by the Chief Executive.

In my opinion, the financial report gives a true and fair view, in all material respects, of the financial position of the Company as at 30 June 2018, and of its financial performance and its cash flows for the year then ended in accordance with Australian Accounting Standards and the Corporations Act 2001.

Basis for Opinion

I conducted the audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Report section of my report. I am independent of the Company in accordance with the Corporations Act 2001 and the ethical requirements of the Accounting Professions Act and Ethical Standards Board APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to the audit of the Financial Report in Australia. I have fulfilled my other ethical responsibilities in accordance with the Code.

I confirm that the independence declaration required by the Corporations Act 2001, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor’s report.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of the Directors for the Financial Report

The Directors are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards and Corporations Act 2001 and for such internal control as the Directors determine is necessary to enable the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

These charged with governance are responsible for overseeing the Company’s financial reporting process.

1. Reporting entity
Northern Territory Major Events Company Pty Limited (the “Company”) is a company domiciled and incorporated in Australia. The address of the Company’s registered office is 16 Bennett Street, Darwin. The operating place of business is 16 Bennett Street Darwin NT, 0800. The Company’s principal responsibility is the attraction of major events to the Northern Territory and the promotion and coordination of such events. The Company is a for-profit entity.

2. Basis of preparation
(a) Statement of compliance
These general purpose financial statements have been prepared in accordance with Australian Accounting Standards (AASBs) adopted by the Australian Accounting Standards Board (AASB) and the Corporations Act 2001, as appropriate for for-profit entities. The financial statements comprise Northern Territory Major Events Company Pty Limited financial statements as an individual entity. The financial statements were authorised for issue by the Board of Directors on 16th October 2018.

(b) Basis of measurement
The financial statements have been prepared on an accrual basis and are based on historical cost convention.

(c) Functional and presentation currency
These financial statements are presented in Australian dollars, which is the Company’s functional and presentation currency.

(d) Critical accounting judgements, estimates and assumptions
The preparation of financial statements in conformity with AASBs requires the use of critical accounting estimates and for the management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, revenue and expenses.
3. Significant accounting policies

The principal accounting policies adopted in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Revenue recognition

Revenue is recognised when it is probable that the economic benefit will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable.

Sale of goods
Sale of goods revenue is recognised at the point of sale, which is where the customer has taken delivery of the goods, the risks and rewards are transferred to the customer and there is a valid sales contract. Amounts disclosed as revenue are net of sales returns and trade discounts.

Non-monetary contribution
The Company is appreciative of the generous support by various organisations during the year. Revenue from these sources is recognised at the fair value of the consideration received adjusted by the amount of any cash or cash equivalents transferred. Revenue is recognised at the period received if the amount of revenue can be measured reliably. When the fair value of the goods or services received cannot be measured reliably, the revenue is measured at the fair value of the goods or services given up, adjusted by the amount of any cash or cash equivalents in accordance with paragraph 12 of AASB 118 Revenue.

Interest Income
Interest income is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

Other revenue
Other revenue is recognised when it is received or when the right to receive payment is established.

Government Grants
Government grants, including non-monetary grants at fair value, received or receivable are recognised immediately as revenue in accordance with AASB 120 when there is reasonable assurance that:

(a) the Company obtains control of the contribution or the right to receive the contribution;
(b) it is probable that the economic benefits comprising the contribution will flow to the Company;
(c) the amount of the contribution can be measured reliably; and
(d) the Company will comply with the conditions attaching to them, if any.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the entity recognises as expenses the related costs for which the grants are intended to compensate.

Government grants that become receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the entity with no future related costs are recognised in profit or loss of the period in which it becomes receivable.

The Northern Territory Government has agreed to continue providing financial support for the foreseeable future.

Government grants related to assets, including non-monetary grants at fair value, is deducted in calculating the carrying amount of the asset. The grant is recognised in profit or loss over the life of the depreciable asset as reduced depreciation expense.

Government grants related to income are presented under revenue in the statement of profit or loss and other comprehensive income and further disclosed in the notes to the financial statements.

(b) Income tax

The Company is wholly owned by the Northern Territory of Australia and, pursuant to the provisions of Section 24AM of the Income Tax Assessment Act 1936 (as amended), its income is exempt from Commonwealth income tax.

(c) Current and non-current classification

Assets and liabilities are presented in the statement of financial position based on current and non-current classification.

An asset is current when it is expected to be realised or intended to be sold or consumed in normal operating cycle; it is held primarily for the purpose of trading; it is expected to be realised within twelve months after the reporting period; or the asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.

A liability is current when it is expected to be settled in normal operating cycle; it is held primarily for the purpose of trading; it is due to be settled within twelve months after the reporting period; or there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. All other liabilities are classified as non-current.

(d) Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(e) Trade and other receivables

Trade receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any provision for impairment. Trade receivables are generally due for settlement within 30 days.

Collectability of trade receivables is reviewed on an ongoing basis. Debts which are known to be uncollectable are written off by reducing the carrying amount directly. A provision for impairment of trade receivables is raised when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the receivables. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation and default or delinquency in payments (more than 90 days overdue) are considered indicators that the trade receivable may be impaired. The amount of the impairment allowance is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. Cash flows relating to short-term receivables are not discounted if the effect of discounting is immaterial.

Other receivables are recognised at amortised cost, less any provision for impairment.

(f) Other financial assets

Other financial assets are initially measured at fair value. Transaction costs are included as part of the initial measurement, except for financial assets at fair value through profit or loss. They are subsequently measured at either amortised cost or fair value depending on their classification. Classification is determined based on the purpose of the acquisition and subsequent reclassification to other categories is restricted.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Company has transferred substantially all the risks and rewards of ownership.

Loans and receivables

Loans and receivables are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest method, less any impairment losses.

Loans and receivables comprise cash and cash equivalents and trade and other receivables.
Impairment of financial assets
The Company assesses at the end of each reporting period whether there is any objective evidence that a financial asset or group of financial assets is impaired. Objective evidence includes significant financial difficulty of the issuer or obligor; a breach of contract such as default or delinquency in payments; the lender granting to a borrower concessions due to economic or legal reasons that the lender would not otherwise do; it becomes probable that the borrower will enter bankruptcy or other financial reorganisation; the disappearance of an active market for the financial asset; or observable data indicating that there is a measurable decrease in estimated future cash flows.

The amount of the impairment allowance for financial assets carried at cost is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the current market rate of return for similar financial assets.

Derecognition of financial assets
On derecognition of a financial asset in its entirety, the difference between true carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that has been recognised other comprehensive income and accumulated in equity is recognised profit or loss.

(h) Property, plant and equipment
Items of property, plant and equipment are stated at historical cost less accumulated depreciation and impairment. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and are recognised net within other income in profit or loss. An item of property, plant and equipment is derecognised upon disposal or when there is no future economic benefit to the Company. Depreciation is calculated on a straight-line or diminishing value basis over the estimated useful lives of each part of an item of property, plant and equipment. Leased assets are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Company will obtain ownership by the end of the lease term.
Office furniture and equipment 3-10 years
Plant 3-10 years
Plant and equipment under lease 2-5 years

The residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each reporting date.
An item of property, plant and equipment is derecognised upon disposal or when there is no future economic benefit to the Company. Gains and losses between the carrying amount and the disposal proceeds are taken to profit or loss. Any revaluation surplus reserve relating to the item disposed of is transferred directly to retained profits.

(i) Impairment of non-financial assets
Non-financial assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. Impairment losses are recognised in profit or loss.
Recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. The value-in-use is the present value of the estimated future cash flows relating to the asset using a pre-tax discount rate specific to the asset or cash-generating unit to which the asset belongs. Assets that do not have independent cash flows are grouped together to form a cash-generating unit.

(j) Trade and other payables
These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year and which are unpaid. Due to their short-term nature they are measured at amortised cost and are not discounted. The amounts are unsecured and are usually paid within 30 days of recognition.

(k) Provisions
Provisions are recognised when the Company has a present (legal or constructive) obligation as a result of a past event, it is probable the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the reporting date, taking into account the risks and uncertainties surrounding the obligation. If the time value of money is material, provisions are discounted using a current pre-tax rate specific to the liability. The increase in the provision resulting from the passage of time is recognised as a finance cost.

(l) Employee expenses
Employees are employed through the Department of Tourism and Culture which then charges Northern Territory Major Events Company Pty Limited for these costs as they are incurred.

(m) Fair value measurement
When an asset or liability, financial or non-financial, is measured at fair value for recognition or disclosure purposes, the fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date; and assumes that the transaction will take place either in the principal market; or in the absence of a principal market, in the most advantageous market. Fair value is measured using the assumptions that market participants would use when pricing the asset or liability, assuming they act in their economic best interest. For non-financial assets, the fair value measurement is based on its highest and best use. Valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, are used, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Assets and liabilities measured at fair value are classified, into three levels, using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. Classifications are reviewed each reporting date and transfers between levels are determined based on a reassessment of the lowest level input that is significant to the fair value measurement.

For recurring and non-recurring fair value measurements, external valuers may be used when internal expertise is either not available or when the valuation is deemed to be significant. External valuers are selected based on market knowledge and reputation. Where there is a significant change in fair value of an asset or liability from one period to another, an analysis is undertaken, which includes a verification of the major inputs applied in the latest valuation and a comparison, where applicable, with external sources of data.

(n) Share capital
Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.
(o) Goods and Services Tax (‘GST’) and other similar taxes

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the Australian Tax Office (ATO). In this case it is recognised as part of the cost of the acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included in other receivables or other payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the ATO, are presented as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable or payable to unless otherwise specified.

(p) New, revised or amended Accounting Standards and Interpretations adopted

The Company has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the AASB that are mandatory for the current reporting period.

Any new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

A number of new standards, amendments to standards and interpretations are effective to annual periods beginning after 1 July 2018. Those which may be relevant to the Company are set out below. The Company does not plan to adopt these standards early.

- AASB 9 Financial Instruments (December 2014) and Amendments to Australian Accounting Standards arising from AASB 9 (AASB 2014-7, AASB 2014-8). The new standard and amendments which become mandatory for the Company’s 2019 financial statements could change the classification and measurement of financial assets and financial liabilities. The new standards are not expected to have significant impact on the financial statements.

- AASB 15 Revenue from Contracts with Customers and AASB 2014-5 Amendments to Australian Accounting Standards arising from AASB 15. AASB 15 applies to contracts with customers and presents two approaches to revenue recognition as well as enhanced disclosure requirements. Application of AASB 15 will be mandatory for the Company’s 2019 financial statements. The new standards are not expected to have significant impact on the financial statements.

13. Financial risk management

Overview

The Company has exposure to the following risks from its use of financial instruments:
- Credit risk
- Liquidity risk
- Market risk

This note presents information about the Company's exposure to each of the above risks, its objectives, policies and processes for measuring and managing risk, and the management of capital. Further quantitative disclosures are included throughout this financial report.

(a) Risk management framework

The Board of Directors has overall responsibility for the establishment and oversight of the risk management framework. The board of directors has established the Finance, Risk and Audit Committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the board of directors on its activities.

Risk management policies approved by the Board of Directors are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations. Finance reports are presented to the Board on a quarterly basis.

(b) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and net of any impairment allowances. The Company minimises concentrations of credit risk by undertaking transactions with a large number of customers and counterparties and by performing extensive due diligence procedures on major new customers.

(c) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

(d) Market risk

Market risk is the risk that changes in market prices, such as interest rates will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.
13. Financial risk management (continued)

(b) Fair values versus carrying amounts and fair value hierarchy

The fair values of financial assets and liabilities recorded in the financial statements approximate their respective carrying amounts. Where differences exist these are not material.

(c) Market sensitivity analysis

Changes in the variable rates of 100 basis points (1 per cent) at reporting date would have the following effect on Northern Territory Major Events profit or loss and equity.

iii. Other key management personnel transactions

The terms and conditions of the transactions with key management personnel were no more favourable than those available, or which might reasonably be expected to be available, on similar transactions to non-key management personnel related entities on an arm’s length basis.

From time to time, key management personnel of the Company or their related entities may purchase goods and services from the Company. These purchases are on the same terms and conditions as those entered into by other Company employees or customers and are trivial or domestic in nature.

During the year the company paid for services amounting to $271,614 from CoreStaff, a company in which Mr Bridge has a minority interest. These services were purchased on an arm’s length basis. There was $114,708 outstanding to the company at the financial year end 2018.
16. Subsequent events
There are no subsequent events that have arisen since 30 June 2018 that have significantly affected, or may significantly affect the Company's operations, the results of those operations, or the Company's state of affair in future financial years.

17. Contingent liabilities
An event occurred at the Red CentreNATS 2017 on the 3rd September 2017 which is currently under investigation and the Board do not know the outcome of the effect on the Company. In accordance with AASB 137 Provisions, Contingent Liabilities and Contingent Assets definition of a Contingent Liability the Company has disclosed the above information.

In addition to the above NTMEC received a letter from lawyers acting for a person who was involved in an accident during the prologue of an event which received Grant Funding through NTMEC. NTMEC's involvement was limited to providing financial support to a grant recipient without any participation in or planning of the operational aspects of the event in question.
